Academic Model Providing Access to Healthcare

Telephone: +254-532-033-471/2-P.O Box 4606. ELDORET, Kenya 30100.-Fax: 254 532060727

2nd August, 2018.

To Whom It May Concern

Oduor Samuel

ID/ADM/Ref #: 33159338

This is to confirm that the above mentioned was attached to the Academic Model Providing Access to Healthcare (AMPATH) program, a collaboration between Moi University School of Medicine, Moi Teaching & Referral Hospital and a consortium of USA universities led by Indiana University, which provides care to communities of people living with HIV/AIDS and other chronic diseases and provides and promotes primary health care.

He was attached to AMPATH IT Department from **2nd May to 31st July, 2018**. He covered the following areas/topics during his attachment period in AMPATH.

1. Design and Development of AMPATH hotspot monitoring Frontend using Angular Framework
2. Design and Development of AMPATH Patient Feedback Application for POC using Angular, Hapi and MySQL
3. Design of weather app to prove understanding of software development concept using Angular

The student worked diligently and exhibited a high level of responsibility in his work. We have no reservation recommending **Mr. Oduor** to you.

Yours faithfully,

.....
Prof. Sylvester Kimaiyo
